**( Psalms 37:4)**

**DESIRE IN OUR HEART**

Everybody has a desire in his /her life, if we trust or delight in the Lord , then the desire of our hearts will come to pass

In this world , some of us would have a desire of running a great business, a desire of owning expensive properties , a desire of seeking the Kingdom of the Lord but all these will be achieved when we commit ourselves unto the lord.

We learnt about 4 pillars needed for us to achieve the desires of our heart.

**Persist:**

If you want to be a preacher or an entrepreneurship, for you to attain all these ,you have to persist in anything your doing and you will achieve the desire of your heart. Based to the gospels of Luke, there was a woman who had a desire to be healed after she was sick for 12 years. She persisted unto the Lord until her desire came true.

Let us persist in anything we are doing, be it singing, preaching or in seeking and walking in the grace of the Lord and we will achieve the desire of our hearts.

**2. Prayer:**

Most of us give up in prayers since we think God is not answering our prayers. For us to achieve the desires of our heart, let us not give up in prayers, let us cry unto the Lord our God - He is able and he can provide all whatever we are looking for.

Let us not think that God has forgotten us, keep on persisting unto the Lord and he will meet you in everything you desire.

**3. Faith:**

If we have faith and confident unto our Lord our dreams will come through.

Based in the bible, the woman who suffered for 12 years had faith in the Lord that at one time she will be healed as her desires were to be healed. She prayed unto the Lord and Jesus answered her prayer.

In whatever you are doing , have faith and you will attain your desire. Jesus said if you will have faith in me, then you will see what you have not seen. Pray unto Jesus , have strong faith and he will make your dreams comes true.

In conclusion, persist in everything you are doing, have faith and never give up in prayer. The desire of your heart will be attained.
